On Visiting San Francisco

In England the Earth occasionally burps,
but here it constantly parties.

intelligence still booting

up and walking
morning early
gravel eyed
intelligence booting

i reach the pavement
there's a girlchild
walkman dumb
step aside nerves

bins displayed
mine's not
turn back
to promenade trash

and she looks at me
her arm
pointing across
to someone else's car

I say "that's not mine"
she says "wot?"
I say "that's not my car"
she says "I didn't say it was"

and the bus stops

watch the desire of love to exist

remote auto–reptile–matic instinct stressed behaviour
him hunt–grasp juice–wish blood–bite snap–shut
her speed–run horror–show shudder–scorn escape–bye

moi je suis etranger de moi mais
this is my today's only home

empty behaviour
absence of presence

pheromone eye–snare smile–share warm–talk
reptile far–blade evaporation

the arrow of desire
watch the arrow of desire
the desire of love to exist

wishful crowded iron press
civilised numb claim
they wish those mirror

my nation's radioactive
glowing nationalism
threatening critical

the arrow of desire
watch the arrow of desire
the desire of love to exist
